“ A very special lady, The mom to a lots us at the NOS medical dispensary. She was always making sure we treated the patients and made sure the medical records were correct in a loving manner, as in- "Do it right the first time" She cared for each and every military and civilian patient on the naval base as her own. I have and will remember her for all that she taught me. Tommy Schwartz '69-73 NOS USN HM2.

“ There are so many memories of Dixie that it is very hard to share just one. You could write a whole book about this special lady; she was one in a kind. My most and dearest memories with Dixie was when she gave her all to watch over my mother. It did not matter to her what time of day it was, if we called she was there. To have someone you can count on the way we counted on her you know she had to be very special and then to find time for her own family; she was so amazing. Dixie, I will also keep a special place in my heart for you, you know I loved you and will miss you dearly. Love Suzie and Eulo Regala and family.
